

LAKE STRIKE

THIRSTS

to Be Formally Begun By Subject of Sermon at Broadway M. E. Church.

MAY INVOLVE FROM 30,000 TO 50,000 WORKMEN.

BAKERS THREATEN A WALK-OUT IN NEW YORK CITY.

SOCIALIST MAY DAY PARADE.

Buffalo, N. Y., April 30.—The first formal declaration of a strike by the labor unions of the Great Lakes against the Lake Carriers' Association will be issued to-morrow. Officially it will be the inauguration of a strike of between 30,000 and 50,000 men employed in every capacity on ship except master. As a matter of fact, there will be practically no change in the situation which has existed since the opening of navigation when the marine engineers refused to sign contracts in which the Lake Carriers' Association inserted the open-shop clause. The engineers were backed up by the officers of the American Maritime Union, the Marine Cooks and Stewards' Union, and the United Brotherhood of Carpenters and Joiners.

Under the constitution and by-laws the officers could not, either declare a strike or authorize the union to do so.

The question has been referred to a referendum vote. This was done last week and, according to the results received by local unions today, the vote to strike was practically unanimous.

Secretary J. J. Steward, of the American Maritime Union, said late this afternoon: "The members of our union voted unanimously to strike to-morrow morning."

Socialists To Have Big May Day Parade in New York.

New York, April 30.—A ten-hour day, a fixed minimum scale of wages, more sanitary surroundings and recognition of the union were the demands of a labor war declared against 400 bakers of the lower East Side to-night by Local 19 of the Bakery and Confectionery Workers' Union.

Four leaders' discussion, the question of a strike was put to vote, with the result that the 700 members of the union voted to strike to-morrow.

The strike which would enter into effect to-night would mean the closing of 100 establishments.

May Day will dawn in Greater New York with labor conditions quiet. Barring the strike against bakers on the East Side, the teamsters' strike against a few New York firms, and the strike of the truck drivers against a few more, the city will be quiet.

The Socialists and the Socialist Labor party have arranged for a parade to-morrow in celebration of the Socialist May Day.

Most of the demonstrators believe that May 1 is the proper day for a strike.

A large proportion of the participants will be women.

Chairman Robert L. New York organizer for the American Federation of Labor, said to-night that aside from the celebration of the Socialist May Day, he has no plans for May Day.

"Most of the demonstrators believe that May 1 is the proper day for a strike," he said, "and the East Side men and women have determined to celebrate May Day as it is done in Europe."

They have no co-operation.

About To Be Settled Amicably.

Pittsburgh, April 30.—But one labor trouble is pending in Pittsburgh on the eve of May Day, and to-night's meeting of the railroad employees' union is expected to settle the matter.

All pending differences between them and the Pittsburgh Railway Company. The union is voting on a proposition for a settlement on terms which have not been made public. It is believed a settlement will be effected.

Carpenters To Strike.

Providence, R. I., April 30.—Five local unions of the United Brotherhood of Carpenters and Joiners, with a total membership of 1,200, by a vote of 38, decided to-night to strike next Monday to demand a 45-cent per hour and a forty-four hour week. They are now getting 40 cents per hour.

No Celebration in Baltimore.

Baltimore, April 30.—There is no indication that labor organizations of this city will take any notice whatever of May Day. The local labor situation is quiet, and the whole quiet and without apparent likelihood of important developments in the very near future.

GOOD PROMOTION FOR YOUNG RAILROAD MAN.

C. C. Bockenbach Made Soliciting Freight Agent of Cotton Belt With Headquarters Here.

C. C. Bockenbach, a popular young railroad man of the city, has been made soliciting freight agent of the Cotton Belt railroad, with headquarters in Louisville.

The appointment comes as a recognition of his capability as a railroad man, and is a well-deserved promotion.

Mr. Bockenbach has been with the Southern Railway system for 12 years, when he was given a clerical position in the passenger department. After a year in that department he was made assistant passenger and ticket agent in the city ticket office. In 1935 he went back to freight department in a better position, becoming chief clerk in the commercial freight department two years ago.

BIG INCREASE IN INTERNAL REVENUE COLLECTIONS.

Internal revenue collections in the Louisville district during the month of April exceeded those of the corresponding month of last year by \$2,215,423. The greatest part of this gain came from the tax on whisky.

The collections for the past month were \$1,283,873, while \$1,505,296 were collected in the same month last year.

The collections for the past month were as follows: Liquor, \$1,283,873; beer, \$23,427; whisky, \$1,283,873; cigars, \$1,283,873; tobacco, \$1,283,873; and other, \$1,283,873.

STATE OIL INSPECTORS HOLD BUSY SESSION.

Lamps Must Come Up To Certain Standard.

Lexington, Ky., April 30.—[Special.]—The meeting of State oil inspectors, which has been in session for two days at the office of Prof. C. J. Norwood, at the University of Kentucky, is drawing to a close.

The inspectors are holding a conference with the oil companies to discuss the standard for lamps to be used in mines.

The object of this meeting was to establish a standard for the oil used in miners' lamps in this State and to adopt a uniform standard for the oil used in these lamps.

During the session the inspectors made a decision that the standard for lamps to be used in mines is to be established by law.

New Encyclopedia of Agriculture.

He next traces the historical evolution of North American agriculture from the primitive methods of the early Indians through the introduction of the plow to the day of the staples of commerce, and of those animals that contribute so largely to man's living. In the chapter termed "Phases of Agricultural Shift" are included articles showing the changes in farming in an old community, another on about the future of the farmer. Mr. Frederick H. Fowler, says is a feature of not yet sufficient intensity to warrant any alarm, but has been rather of economic utility. Booker Washington writes on the subject of "The Negro Farmer." The history of slavery and the Negro farmer, he says, is that in nine cases out of ten they drifted aimlessly about for years before the idea dawned upon them that they could and should be

he must leave nearly portless on the world, the intensest sympathy must be his. David's attitude toward David's self-acceptance, his apologetic attitude toward having married her, his sense of having been deceived by her, his feeling that he has deceived her, and his worship of the son, are hardly be concealed. He is in trade, as he is in his aristocratic eyes, he has inherited a fortune, and he has founded and whose name for decades has been associated with unblemished reputation. Now there are only three brothers, and the only son is to be destined for a career. Not one word does David say.

But Sebastian is his own son. He sees what his mother has failed to see. He knows that his mother is old and when death threatens David from anxiety and overwork he throws courage into the bargain. He must go into trade, will not only inherit the fortune of Rendall & Co., but will develop his own and intends to the firm's active service.

On class she calls the "wholly worldly," the other the "worldly holy," the latter being the "holy world." She tries to make the best of both worlds and to pay a sort of fire insurance by attending to their religious duties as some part of at least one day in seven.

"His Child's Godmother," the complete novel in the May Smart Set, is from the pen of Frances Pusey Gooch, of Louisville. It is a tale of the reconstruction of a family, the rise to power of a Governor and the long-exiled son of an old war-impooverished family, and presents a very fine picture of the winning of wife's love after marriage. Mrs. Gooch is widely known as a writer, and the local interest created by the story will unquestionably be very great.

A great many misconceptions in America will be cleared up by the article on "The Great Public Schools of England," by Everett T. Tomlinson, which leads the May number of Scribner's. Another New Monthly.

The latest thing in American periodicals is a new illustrated monthly that calls itself Uncle Sam's Magazine. It is the heir-apparent of the former *Uncle Sam's Weekly*. The new magazine with an honorable record of nine years behind it.

The dignified owner of the new magazine, with the high quality of its illustrations and press work betoken more seriousness of purpose than the old *Uncle Sam's*. Indeed, in the frontispiece, a warmly-conceived Men of the West picture of two fraternalizing veterans in blue and gray, likewise shows an earnest patriotic aim of the magazine.

UPSETS IN ATLANTIC CITY GOLF CONTESTS.

Fownes, of Pittsburg, Is Defeated, and Walter Travis Has a Close Call.

ATLANTIC CITY, N. J., April 30.—As is usually the case while the golfing season is young there were plenty of surprises and hairbreadth escapes to-day in the first two rounds of play of the spring tourney of the Atlantic City Country Club.

The biggest upset was the sweeping defeat in the afternoon of W. C. Fownes, Jr., of Pittsburg, who had been picked for the struggle with Walter Travis, of New York, in the final, Travis himself had the closest possible call in the morning, only the last stroke on the 18 hole tipping the scale in his favor.

Young's entry, 'Doublet'.

JOHN WALTERS, who trains for George Hendrix, has encouraged Jockey Taplin to ride Michael Angelo in the Derby.

Taplin, who weighs ninety-two pounds, and is in splendid shape, says he expects to lead all the other riders, just as he did on the coast.

This boy will ride all of H. G. Bedwell's horses, and the Colorado turfman has by far the foremost stable in the city.

However, all shipped well, and Bedwell will not send any of the horses to the post until they are good and ready.

Tim Murphy, who resides at Danville, Ky., and who has the distinction of having witnessed every one of the thirty-four Kentucky Derbies, is coming Monday to see his horse, Michael Angelo, in the Derby.

He is in his twenty-second year, is falling and he feels that he will be under the turf when the next class is decided.

Bedwell probably will make no entries the first three days of the meeting. The stable had a hard trip from California, being delayed twelve hours en route.
